About St. Catherine Preschool

Our Philosophy

St. Catherine of Siena Preschool believes that through play children develop intellectual, social, emotional, physical and spiritual growth. We create a stimulating atmosphere where children can explore and experiment through language, art, math, music, science and movement. Each child is encouraged and nurtured to grow and develop at their own pace.

Our staff provides a loving and positive environment where children are respected and develop a positive sense of self and respect for others. Our well trained staff nurtures spiritual growth by being compassionate and demonstrating Christian values and a lasting faith in God. Our school exists as an extension of the family where students, parents and teachers work together to enrich the child's educational and spiritual growth. Our goal at St. Catherine of Siena Preschool is to provide a preschool experience that will inspire a lifelong love of learning.

Curriculum

We believe that children learn through play. Each classroom is set-up for the children to explore their environment as they play individually or as a group.

A day at St. Catherine of Siena Preschool will include:

- Language sharing, stories, puppets and letters
- Literature circle time and classroom libraries
- Math puzzles, counters and matching
- Science exploration of nature
- Music circle time, songs and dance
- Drama rotating dramatic play areas
- Art painting, collage and drawing
- Religion bible stories, song and prayer
- Outside sandbox, gardening and building

At St. Catherine of Siena Preschool children have the room to explore and create. They have opportunities to build relationships. Children will flourish in a very safe and loving environment.
