

Our Philosophy

St. Catherine of Siena Preschool believes that through play children develop intellectual, social, emotional, physical and spiritual growth. We create a stimulating atmosphere where children can explore and experiment through math, language, writing, science, nature, art, music, gardening and movement. Each child is encouraged and nurtured to grow and develop at their own pace.

Our staff provides a loving and positive environment where children are respected and develop a positive sense of self and respect for others. Our well-trained staff nurtures spiritual growth by being compassionate and demonstrating Christian values and a lasting faith in God. Our school exists as an extension of the family where students, parents and teachers work together to enrich the child's educational and spiritual growth. Our goal at St. Catherine of Siena Preschool is to provide a preschool experience that will inspire a lifelong love of learning.

Curriculum
